Dear Valued Customer:

FMC affirms that its sodium bicarbonate, all USP grades, are produced to meet the current standards for purity as specified in the United States Pharmacopeia (USP) Monographs, 2008 edition, USP 31 and National Formulary 26.

This affirmation continues with the product as long as it remains in its original unopened container from FMC's plant in Green River, Wyoming.

Please contact me at (307) 872-2271 if you have any questions.

Sincerely,

Steve Hickerson
